

Roosevelt; Negro Vote is Approved

New Dealers Take Charge of Precinct and County Democratic Conventions Here

Randall county delegates will go to the State Democratic convention at Austin May 23 instructed for Roosevelt and for participation of negroes in the Democratic primaries. The precinct convention in Canyon Saturday was attended by 36 men and women. Precinct Chairman W. A. Warren was elected chairman and J. L. Gilmore was elected secretary.

J. L. Duflo introduced a set of resolutions of six points which embraced the following:

1. Endorsement of the administration of President Roosevelt, on both foreign and domestic fronts.
2. Endorsement price control.
3. Instruction of delegates favoring the 4th term for President Roosevelt.
4. In the event the President rejects the nomination, the selection of a candidate of New Deal tendencies.
5. Continuation of the majority rule in the national convention.
6. Opening the Democratic primaries to all Democrats "without discrimination of race, color or religious affiliation."

The only fight was made on the question of instruction of delegates and the question of opening the primaries to negroes under the Supreme Court decision.

The vote on the question of instruction was 20 to 14. In presenting the negro resolution, Mr. Duflo stated he did not expect to see it carried, but the vote favored this resolution 11 to 5.

The county convention held Tuesday afternoon was attended only by delegates from Precincts No. 1 and No. 9. The resolutions of Saturday were adopted. Clyde W. Warwick, county chairman, presided and S. B. Orton was elected secretary.

Delegates to the State Convention to be held in Austin May 23 were elected as follows: W. J. Flesher, J. L. Duflo, G. W. Cox, Dr. J. A. Hill, Senator Grady Hazlewood, Herschel Coffee.

Sgt. Wiggins Is Home From Italy; Gets Discharge

Sgt. Ernest Wiggins arrived in Canyon Monday to the parental Sam Wiggins home after having spent more than a year with "Texas 36th" in Africa and Italy. Sgt. Wiggins was wounded while in battle just out of Cassino and has been in a hospital on the East Coast.

Although he left Canyon with Company F, he was transferred to the Second Battalion before leaving the states. However he has been with the other Canyon boys often.

In conversation Sgt. Wiggins said, "It is surprising how this town has developed in my opinion during the last two years. When I left here I simply took everything for granted. Everything is really extra now."

He expects to be sent to a rehabilitation school by the government.

Canyon High F. F. A. Rank High in Contest

Howard G. Preston of Whitharral, former agriculture teacher of Canyon Public Schools, is the winning Voc. Ag. Instructor in the 14th annual Cow Judging Contest.

Three members of the Canyon High F. F. A. Chapter ranked high in the contest. Weldon Lindsey made a grade of 485 of a possible 500. Wilborn Brown and Richmond Hales placed 2nd and 3rd with grades of 450 and 445 respectively.

The contest, sponsored by the Hoard's Dairyman Magazine, is national in aspect and is open to all who wish to enter.

Boys of the Canyon agriculture classes are eager to enter into these contests and other activities that promise to help them to do a better job of farming and producing food.

Bond Sales For May Are Lagging

The May quota for War Bonds is \$25,000. The sale during the first 9 days of the month totaled only \$4,425.

Randall county people fell down on the sale of War Bonds during April, missing the goal by \$7,582.50.

County Chairman R. H. Wright hopes that the sale of bonds for May will meet the quota and possibly take up some of the deficit for the month of April.

Mrs. V. C. Massey from Wichita, Kansas, visited over the week end with her sister, Mrs. A. K. Powell, who is convalescing in the parental B. B. Cluck home.

Captain Warren Returning From Year in Alaska

CAPT. A. M. WARREN

Captain A. M. Warren arrived in Seattle Thursday night from Alaska where he has been with the Army Air Corps since March 23, 1943. He was decorated for his successful raids against the Japs in the Aleutians.

Capt. Warren will be in Canyon on a leave of 20 days to visit with his wife and parents, Mr. and Mrs. W. A. Warren.

H.D. Council Discuss Variety of Subjects

The Randall County Home Demonstration Council met Saturday, May 6, at 3 o'clock with Mrs. Jack Cagle, the chairman, presiding.

Seventeen council members answered the roll with all nine clubs represented.

Mrs. Forrest Gruner gave the Texas Agriculture report explaining the Blue Cross Plan, a group hospital service for members of the Texas Farm Bureau.

The cooperative buying of pineapple was discussed and the marketing committee is trying to make arrangements to get the fruit.

Mrs. C. Thurman has been appointed chairman of the Scholarship Committee with Mrs. L. L. Byars and Mrs. C. Beckman assisting her.

The council accepted the resignation of Mrs. R. T. Normand, the secretary and treasurer and finance chairman, as she is moving from the county. A secretary and treasurer will be elected at the June council meeting.

Reports on the district meeting at Panhandle last month were given by Mrs. L. E. Mason and Mrs. S. S. Howell.

Final plans were made for the expansion May tea to be held May 20th from 3:30 to 5:30 in Thompson's Club room.

The demonstration on drying fruits and vegetables as planned in the year book for May has been postponed and the date will be announced later.

Captain and Mrs. George W. Lee, Jr., have been visiting this week in the parental Ted Reid home in a stop off visit while enroute from the Pacific Coast to Indianapolis where Capt. Lee will be assigned to A. T. C. duty.

Pvt. Oleff Hamblen visited with Mrs. Jack Parsons in Canyon and other relatives at Wayside as he was passing through Canyon this week enroute to Kingman, Ariz.

Local, District Candidates File

Little Chance for Hot Campaign This Year Due to Small Field of Candidates

Candidates for public office are filing their applications for a place on the Democratic ballot much earlier than usual. So far all but two or three local candidates have filed their applications—that is, unless last minute candidates show up.

So far Randall county has only one contest. And this district has just one contest. 1944 looks like an easy time for the candidates, since in years past the more candidates in the field the larger were the number of pie suppers and different kinds of money raising devices that the candidates were invited to present themselves—and spend some money.

The only county contest is for Sheriff, Tax Assessor and Collector. The only district contest is for Congress.

May 15 is the last day for filing for state and district offices. Senator Grady Hazlewood was the last district candidate to file for reelection for a second term.

There is a much smaller number of state candidates than usual. Governor Coke Stevenson has a couple of unknown opponents; and only two or three state officers have drawn opponents. The race for Attorney General and for State Superintendent of Public Instruction are the only possibilities for developing much interest.

Local candidates have until June 17 to file for a place on the official ballot. The County Committee meets on June 19 in order to make assessments for holding the primaries. It is altogether possible that Texas will see the most unusual thing happen this year—that all of the public officials be named in the first primary. This could easily happen, although the County Committee must provide for the double primary and make assessments in order to cover the expense of the two primaries.

The political situation in Texas will develop rapidly during the next 30 days.

Landscape Plans Are Outlined By Home D. Agent

As soon as early blossoming shrubs have finished blooming they should be pruned to remove any dead or decayed branches, those that rub or extend over walks, and any others that need to be removed to keep the plant the desired shape. Water thoroughly at intervals as needed, but avoid daily sprinkling as that brings roots to the top where they will be injured. Cultivation and the use of a mulch will help hold moisture.

Keep on the lookout for plant lice or aphids. They are often well camouflaged and a person must look on the under sides of leaves and on tender tips to find them. Nicotine sulfate solution or nicotine sulfate dust are good to use to control them.

To start some new plants from the ones you have, bend down some of the low branches and bury a portion near the end two inches deep and weight down with a brick or stone. Keep these layered limbs well watered and they will form new plants that can be moved in the winter. This is a simple way to add needed shrubs to the landscape, or to provide very useful home grown Christmas gifts, suggests Lou Ella Patterson, County Home Demonstration Agent.

Rain Wednesday Amounted To .65 of an Inch

Rain yesterday afternoon amounted to .65 of an inch in Canyon.

Practically every section of the Panhandle received moisture, but the amount varied.

Canyon seems to be about as light as any part of the county. It was reported this morning that a 3-inch rain fell east of Canyon and practically the same amount fell west and southwest of Canyon. Some of the school buses could not make trips home because of heavy rains in localities.

The spring has been cool, with sufficient moisture to develop the late wheat crop. It is predicted that with a continuation of favorable weather that Randall county will have a good wheat crop, although the acreage is greatly reduced.

Pvt. James Leroy Wesley is home on a furlough from Camp Shelby, Miss., to visit with his wife and son, and at the home of his mother, Mrs. W. M. Rogers.

Mrs. Nettie Babb spent the week end in Plainview with her parents, Mr. and Mrs. W. W. Dawdy.

Lieut. Burroughs Returns to Camp

Lieut. E. Burroughs has recently spent a furlough with his mother, Mrs. H. D. Burroughs. He is now in transition training in B-24's in Alabama.

Jake Harrison Is Ensign Following Change from CB's

Ensign Jake Harrison has just been given his commission and transferred to the navy for the C. B.'s. He enlisted in the C. B.'s in August 1942 and served with the American forces in the Aleutians until January of this year. Since January he has been on shore duty on the Pacific Coast. He is now enroute to Princeton University for indoctrination training.

The Ensign and his wife formed part of the wedding party for the marriage of his brother, Hal, to Hallie Nell Sligar Sunday afternoon. Tuesday noon they left Canyon to accompany Mrs. Oscar Eckhart to her home in Yorktown, Texas. They will return to Canyon for a few days via Abilene to visit with Mrs. Harrison's mother, Mrs. Birdie Spaulding.

Must Take Care In Sending in Sugar Stamp 37

Many applicants for canning sugar are sending in the Sugar Stamps No. 37 instead of the Spare Stamp No. 37. This might cause loss of some rationed food which will be used later with that stamp, since the Board cannot replace books from which these have been removed by mistake.

STORK SPECIAL

50 Boys Report For Summer Play

City League Series Will Start Next Monday at Canyon School Grounds

Fifty boys met for the initial meeting of the recreation program on Monday to organize teams for summer play.

Two teams in each division with three teams in the junior division started the play program off with a bang.

On Wednesday a clinic was held to make a general survey of conditions.

The general program in soft ball will begin with league play on Monday, May 15, at the Canyon High School playgrounds. At that time the committee will have a schedule and program ready and organized.

Much interest was shown Monday in swimming, and track and some in tennis.

Saturday morning from 9 to 10:30 the boys will work out for track at the Buffalo Stadium.

Any boy interested in play should come to the Canyon High School playground at 6:30 Monday, May 15.

"The boys seem anxious to get going in the program and should get encouragement from the townspeople," said C. A. Duval, one of the instigators and workers in this worthwhile program.

Boyce House Will Speak Friday Nite Historical Group

The 25th annual meeting of the Panhandle - Plains Historical Society will be held Friday at West Texas State.

The business session will be held at 5 o'clock, which is opened to the public. At that time various phases of business for the year will be considered. It is expected that plans will be made to resume construction on the addition to the museum at such a time as men and materials are available.

Boyce House of Fort Worth will be the speaker at the banquet to be held at 7:30 o'clock at Cousins Hall.

Musical numbers will be furnished by the girls' sextet of the college, directed by Miss Pauline Brigham. Dr. Wallace R. Clark will sing two solos.

Judge James D. Hamlin of Farwell, president of the Society, will be the toastmaster.

C. R. Flesher Is Candidate Office County Attorney

C. R. FLESHER

The News has been authorized to announce the candidacy of C. R. Flesher for re-election to the office of County Attorney.

"I wish to thank the people of the county for their fine support and co-operation during my first term of office as your County Attorney," stated Mr. Flesher.

"If I am selected to serve you for another term, I shall co-operate with other officers of the county in the strict enforcement of the law. I shall appreciate having your support in the July primary," stated Mr. Flesher.

Victory Council Holding Meeting With AAA Group

The Randall County Farm Victory Council and the AAA farm Committeemen are holding a joint meeting this afternoon (Thursday) for a discussion of several matters concerning food production.

One of the principal objects of today's meeting is to work out a request to the Rubber Director in Washington for a special reserve pool of truck and trailer tires to take care of emergencies that may arise in wheat harvest. A complete survey is being made to determine the need for farm tires for harvesting and moving the wheat and feed grain crops. The two farm groups are cooperating to take all possible precautions to prevent the loss of much needed food and feed crops.

Several other matters such as shortages of labor and machinery will be discussed at the meeting today.

W. E. Bennett is chairman of the Farm Victory Council. R. B. Gist is chairman of the AAA group.

Questionnaires have been mailed to farmers to determine the emergency tire need. Every farmer in the county is urged to return these at once. Any farmer who failed to receive a copy may secure one at the County Agent's office. These tire questionnaires must be in not later than next Wednesday, May 17. They will be no good after that time.

School Officials Entertained the Faculty Monday

By Mollie Nann Ziegler

At an informal reception and "42" party, members of the Canyon Public School Board and Supt. and Mrs. J. B. Speer entertained the faculty along with their husbands and wives Monday evening in the high school gymnasium.

Upon arriving, guests were greeted by the following receiving line: Dr. and Mrs. Harris M. Cook, Mr. and Mrs. J. H. Lisle, Mr. and Mrs. L. D. Winn, Mrs. Ross Craig, Mr. and Mrs. J. W. Spencer, Mr. and Mrs. Clay Cooper.

Refreshments of punch, nuts, mints, ice cream, and cake were served buffet style with Mrs. Speer presiding at a beautifully decorated table from which a bright profusion of calendulas was displayed among a setting of crystal and lace.

Following past tradition, this entertainment was for the purpose of instilling a feeling of closer relationship among the faculty and board, and to round out the year's social activities for these organizations.

Dr. Barlow Speaks at Delta Kappa Gamma

Miss Edna Graham, Dr. Lee Johnson, and Dr. Ina Barlow attended the regular meeting of the Delta Kappa Gamma at Plainview Saturday.

Dr. Barlow was the speaker for the evening. Her subject was "The Teacher as Perpetuator of Peace." Mrs. Willie Merle Halthcock, former W. T. student is president of the organization.

Summer Field School in Mexico

West Texas State Will Offer Unusual Opportunity for Study of Spanish in Mexico

West Texas State College and Southwest Texas State Teachers College are completing arrangements for a Field School at Guadalajara, Mexico for this summer. The group will gather at Laredo and will leave Laredo on June 5 by special pullman to arrive in Guadalajara on the afternoon or night of June 6. Lodging and meals will be furnished by the Gran Hotel, which has just recently been built and which has excellent accommodations.

The return trip will begin on July 11 and will end at Laredo on July 13. Expenses for tuition, instruction, text book rentals, transportation from Laredo to Guadalajara and return to Laredo, and board and lodging during the entire period of June 5 to July 13 will be \$150. There will be ample opportunity for interesting and inexpensive side trips from Guadalajara, but such side trips are not covered in the fee of \$150.

Three of the most worthwhile excursions will be those of Tlaquepaque, to Lake Chapala and the active volcano, Paracutin, concerning which a great deal has been written recently.

This is an unusual opportunity for intensive study in the fields of Spanish language and Mexican civilization and for a very interesting and broadening experience. Officials and professors of the University of Guadalajara and of the Normal School of the State of Jalisco have promised to cooperate with the two Texas Colleges by furnishing lecturers in the various specialized fields of Mexican civilization.

Reservations from this vicinity should be made by May 13 with Dr. J. A. Hill, President of West Texas State College. Telephone reservations will be made pending arrival of deposit. Because of the necessity of making definite plans in advance, it will be necessary for each member of the group to make a deposit of \$25 at the time the reservation is made. Applicants should indicate the phase of work in which they are interested in order that programs may be planned in detail.

Dr. Hill and members of the Spanish Department sincerely hope that many can take advantage of this opportunity and that they will find the experience profitable and pleasant. Directors are determined to see that everyone has ample opportunity for intensive and interesting work and for broadening contacts with the best people of the most Mexican city in Mexico.

Girl Scout Council Plan Girl Recreation

The Council for the A Association of Girl Scouts met in the Methodist Church Tuesday at 8 o'clock to make plans for the summer recreation program for the 150 girls of this community who are enrolled as Brownies and Girl Scouts. Day camps will be held the first three weeks in July. A swimming program will get under way at an early date.

Miss McClure district field representative, talked to the group about camping and day camps, making many valuable suggestions.

During the business session, Mrs. Hosea Foster was elected as registrar and treasurer to succeed Mrs. Kermit Schramm who is leaving town. Mrs. W. A. Miller was elected as secretary and reporter.

Brownies are to meet on Tuesdays and Fridays from 5 to 8 o'clock. Girl Scouts are to meet on Mondays and Thursdays from 6 to 9 o'clock.

Harold Shanklin Made Senior Lieut.

Word has been received that J. H. Shanklin, who is with the U. S. Navy, has been promoted to the rank of senior lieutenant.

He has been on active duty, as a gunnery officer, on an aircraft carrier, in the Pacific war zone since last October.

Lieut. Shanklin was reared in Canyon and has friends and relatives living here. He is the nephew of Dr. and Mrs. J. A. Hill. Mrs. Shanklin and daughter, Patricia, are living in Canyon for the present.

Pfc. and Mrs. C. N. Tippery visited with Mr. and Mrs. C. R. Payne in Amarillo Sunday.

Dubious Honor

Union leaders are vying for the "honor" of being the first to break the government's wage and price stabilization program wide open and start another inflationary spiral. They have compiled statistics professing to show why the "soldiers of production" must have more money. They call strikes at the drop of a hat. Disrupting war production is their club. They get what they want, or else. The government's stabilization laws are currently the subject of their wrath and every attempt will be made to smash those laws.

Millions of Americans watch these union abuses in helpless fury. Those in the armed forces do not expect wage increases every time the going gets harder. They are at war and know it. Many more in civilian life do not expect providence of a labor union to hand them more money to make up for rising taxes and bond purchases and high prices.

Labor leaders should consider well and long before they decide to smash by force the laws designed to protect the nation from runaway inflation. If the unions pit themselves against the government as ruthlessly as they have against industries, public opinion may destroy the unions.

The death of Secretary Knox removes the present possibility of a big fight within the navy. Up to the present time all of the commanding officers of the navy are Annapolis graduates. They have been trained by the government as professional naval officers. When war came the navy called in capable young men who were trained intensively to become officers. This large group of civilians, who have turned fighters because of the emergency of war, are being shoved to the background by the Annapolis graduates. Knox was trying to break this ring of brass hats who control the navy in order that civilian officers might have an equal chance with the professionals. Since the navy has long held first place in the heart of the President, Knox would probably never have succeeded in his scheme. The average citizen will not care much who runs the show so long as results are obtained in waging the war in the shortest possible time.

The people of Texas authorized a constitutional amendment a few years ago by which the state could issue bonds, pay off its debts and keep the state on a cash basis. When the legislature met, Governor Coke Stevenson counseled the legislature that he was going to put the state back on a cash basis through an economical administration. Naturally this is an unpopular method. There are thousands of people, largely those who pay little or no taxes, who like to see the government spend huge sums of money. Coke Stevenson is unpopular with this class of citizens. But the rank and file of citizens of Texas are heartily thankful that Coke Stevenson has set about putting the state's finances in order, and that the state debt is rapidly being wiped out. When you hear the Governor criticised, it will usually come from an individual who would like to get his hands into the treasury.

Senator Wheeler is at it again. He wants Congress to pass his bill prohibiting the induction of fathers over 26 years of age until single men are inducted. The Senator does not realize just how far he is behind the draft procession. As a matter of fact all men under 26 who have not been granted deferments by Selective Service regulations are up for induction. If the armed forces need men, there is no other source of manpower except fathers between 26 and 38 years of age. Men of this age bracket are kept in constant uproar by the changes in regulations and the disturbance makers like Senator Wheeler.

The percentage of our adult population on the Federal payroll is the greatest in history. Notwithstanding the widespread benefits resulting from free enterprise, there are now persons, some in high government positions, clamoring for a new order; but they refrain from stating exactly what this new order is to be. Their acts, however, speak louder than words. Their acts show that as a substitute for free enterprise, they propose to establish a plan, directed and controlled by government officials.

A good traffic rule on the road of life: "When you meet temptation, turn to the right."

Sleep is the best thing in the world, only you don't know it at the time.

In skiing, a hole in the snow into which a skier has fallen is called a "bathtub."

Way to Avoid Bankruptcy

More people would take more interest in the problem of the growing Federal debt if they were told frankly that unless the solvency of the government is maintained, every war bond will be worthless. They should be told frankly that buying bonds will not save the country from bankruptcy. But there is a way to keep out of bankruptcy—by paying taxes and by rigid government economy. Everyone who owns a war bond, a life insurance policy or a dollar of savings has a direct interest in this problem. It is no longer a matter for "the other guy" to worry about.

It is now estimated that before the present war is over the Federal debt may reach the staggering sum of \$300,000,000,000. If this could be divided equally and spread over the entire population, it would mean a debt of about \$2,300 for every man, woman and child in the United States, a debt of about \$4,700 for every person gainfully employed, and based on four persons to the family, a debt of \$9,200 for each and every family of the United States.

This debt cannot be passed on to the other fellow or evaded. If the American people value their freedom, they will insist upon meeting the debt squarely—the hard way—by taxation, and frugality in government. In the meanwhile, the government should insist upon efficiency of operation rather than throwing billions of dollars to the wind through the whims of impractical bureaucrats.

Berating big business has always been the happy pastime of the little mind running down a rusty groove. Big business is charged with every crime in the catalog, from wrecking individual lives to bleeding the nation to death. These reformers, who would abolish big business, fail to count the cost. Big business has made the wonderful advantages of these United States. It takes big business to operate big enterprises. In spite of the rantings of the ignorant of the nation, prices would sky rocket if big business was eliminated, and each little firm was obliged to shift for itself. Production would be cut to a minimum. We have a fine example of the efficiency of big business today. America is producing the major part of the war materials used by the Allied Nations today. Why? Simply because free enterprise allowed business men to build the wonderful plants which we have in the nation. Almost overnight these plants were transformed from peace-time to war-time production. Had not these plants been in operation, efficiently operated, and efficiently manned by workers who had been trained by experts for these particular jobs, the United States and our Allies would have been whipped before they got started. There are a lot of brain-stormers in Washington and elsewhere who think that government should run all industry after the war, as it is attempting to do now. They will be greatly shocked when they realize that the people of this nation are not going to stand for a continuation of government control of the lives of people when peace is assured.

When invasion comes, thousands of fine American boys will be killed and thousands others will be wounded. At a time like this, the people of America have serious thoughts. When invasion comes, everyone will be anxious to fall on his knees and pray to a superior force for success. Hearts will be torn as parents will anxiously await word from their boys whom they know to be engaged in death grips with a merciless enemy. We read in our paper of 25 years ago that the late Rev. B. F. Fronabarger and other Canyon pastors were calling upon the people of Canyon to return to religion. They were working for a great revival. Had their advice been taken 25 years ago; had the people of America fallen on their knees in time of apparent victory, the terrible disaster of the present war might have been avoided. But the warning of church leaders went unheeded by the people of America 25 years ago, and people thought they were enjoying a wonderful prosperity for a term of 10 years. We forgot the church, and indulged in a great spree of prosperity. With the greatest disaster of this war now confronting us, it is a good time for all of us to get a good old fashioned case of religion, and return to the church, to such a degree as we have never before looked for spiritual guidance.

The month's check of ceiling prices in Canyon stores by OPA is highly satisfactory. Every business firm in Randall county has been reported in line. Many items are found to be under the ceiling prices of the month. Business firms are doing their best to keep in line with OPA regulations. Doing business these days costs the merchant much more than in normal times, which the average layman does not appreciate. It takes the time of one or more clerks to keep up with changing regulations, with no hope for the business firm to recover this additional expense. Those who think that running a business is such a profitable enterprise should read the statistics—93% of those engaged in retail business sooner or later go broke. OPA regulations, coupled with manpower shortages, is helping along the situation. However, no one denies that OPA has done a remarkable job of keeping prices in check, regardless of the fact that no one knows how much it is costing the average citizen for the operation of this branch of service.

An Ounce of Care

Women's clothing today is often made from a material which is a rayon and wool mixture. The label gives the exact percentage of each fiber used in the material. Sometimes, however, the labels do not describe the care one should give this fabric. The following suggestions may be helpful:

1. Usually materials that are 20% wool or less will launder; however it is best to launder only if directions on the label state that laundering is desirable.
2. Be sure to use a good non-perspirant and dress shields to prevent fading and wear.
3. Brush garments at least once a week with occasional outdoor airings.
4. Place garments on hangers, straightening them, and fastening at least the top button. Do not crowd when placing them in the closet.
5. Use only a moderately hot iron and press on the wrong side.
6. If a steam press seems best, place a dry cloth next to the garment. The dry cloth may then be covered with a damp one.
7. Use a raveling from under side of garment to mend any tiny holes. An ounce of care will increase

the life of the garment.

To Our Friends and Customers

An adequate supply of reliable electric power is necessary to the growth and prosperity of every city and community. One of the first questions asked by industrial managers, seeking new locations, relates to the power supply. In the post-war period, the type of electric service available will become increasingly important, since the location of processing plants will depend largely upon the availability of adequate and reliable electric power.

Our facilities in Canyon are connected to and are a part of an electric system consisting of generating plants furnishing power to a network of transmission lines. These facilities are operated as a unit and constitute a pool from which power from the combined resources of the system is available to every city and community in the territory served by this Company.

This arrangement makes ample quantities of electric power available to each city and community and, because of economies in operating costs, makes possible industrial electric rates which will attract additional businesses.

The Southwestern Public Service Company operates an integrated power system. Its power resources are available to the people of Canyon and to all industrial users, large or small, now located here or which may be attracted here in the future through the efforts of all of us who are interested in the progress and development of Canyon.

In 1942, the Company emerged from the administration of the Public Utility Holding Company Act with flying colors. It now does not have any holding company over it whatsoever. Its securities are widely held by thousands of people without dominating investment control centered anywhere. Its management is in position to cooperate in all matters for the betterment and development of Canyon and the surrounding territory. Our program is to be helpful and aggressively active in the development of Canyon in future years.

TOWN and FARM in WARTIME

Prepared by OFFICE OF WAR INFORMATION

MEAT FATS REQUIRING RED POINTS

The only items for which Red ration points will be needed are for beef steaks (except flank steaks), roasts, butter, margarine, cheese, cheese products and evaporated milk, the Office of Price Administration announced. Three Red stamps (30 points) will become valid every four weeks instead of every two weeks because of the wide selection of meats available without points. At present, Red stamps A8 through T8 are good, but no more stamps will become valid until June 3.

FACIAL TISSUES GO TO WAR

Use of facial tissues by war plants for cleaning precision metal parts and polishing lenses and increased use in hospitals are cutting into civilian supplies to some extent, the War Production Board says, but, with reasonable conservation, supplies in general should meet all essential demands. Production of facial tissues has been maintained at the 1942 rate for the last two years.

MEN OVER SEAS MAY ORDER GIFTS

American service men overseas may again order Christmas gifts this year for their friends and relatives in the United States, the Office of War Information reports. The men make their selections from catalogues at army exchanges or navy ship services and list them on

order blanks. The orders are then sent to the United States to be filled and mailed in time for Christmas. WPB recently announced that it will approve manufacturers' requests that are certified by the army exchange service or navy ship service stores for additional allocations of material or containers necessary for these orders.

HOSPITALS DISTRIBUTE PENICILLIN

More than 1,000 hospitals in the United States have been selected to serve as depot hospitals for the limited civilian distribution of penicillin, the WPB announced. The hospitals should have received their first shipments on May 10.

MORE IRONS TO BE PURCHASED

Authorizations of produce a total of 193,625 electric flat irons in 1944 have been granted two manufacturers in Mansfield, Ohio, and one manufacturer in New York City, WPB said. The total authorized production is now about 395,000 irons.

PLAN FOR MOVING POULTRY PRODUCTS

Steps are being taken to assure an orderly transport of poultry and poultry products from production points to market this year, the Office of Defense Transportation reports. Information obtained from all concerned, producers to processors, will determine whether the production and marketing of these products in their respective dis-

tricts is of sufficient volume to warrant the establishment of a committee to work out a nation-wide Industry Transportation Program. The program provides for the conservation and full use of commercial motor vehicles used for transporting these products.

TRANSPORT LINES MUST BE CLEAR

"This Is Invasion Year," the Director of ODT said, and the transportation system must be free to respond to any demands that the occasion may make upon it. The unessential traveler will have only himself to blame if he is indefinitely stranded, or finds his Pullman reservations summarily canceled, or finds passenger schedules temporarily disrupted and intercity buses completely swamped, the Director said.

WEEDS COMPETE WITH CROPS

Keeping the weeds down is the most important part of cultivation, say garden specialists of the U. S. Department of Agriculture. To get weeds out of rows of seedling plants it may be necessary to do some weeding with the fingers instead of with a rake or hoe. Killing the weeds when they are small makes the job easier and gives the plants a better chance from the start.

ROUND-UP

War Food Administration says—manufacturers of ice cream are permitted to make more and richer ice cream during May and June in anticipation of a heavier-than-usual production of milk during that period. . . . For our armed forces, 25 to 35 million pounds of pork and 40 per cent of the major cuts of beef are currently being set aside, each week. . . . Spinach, beets, carrots, eggs and white potatoes head the list of plentiful foods over most of the country this week, followed by canned peas, string beans and tomatoes, oranges, peanut butter and citrus marmalade. . . . To assure fair returns to farmers who grow or are growing spinach under contract with certified canners, support prices have been designated for spinach canning. . . . Through the use of refrigeration, it is now possible to send 450,000 tomato plants from Georgia to Eastern and Middlewestern growers, with minimum loss in shipment even during hot spells. . . . Of the 12,000 to 13,000 farm workers expected from Jamaica to work in this country, 804 have arrived for employment on farms in the Hartford, Conn., area.

A lady named Mrs. Carr had ten children. When the tenth arrived a neighbor said to her: "Well, I see you have another little Carr." "Yes," replied the mother, "and as far as I'm concerned it is the caboose."

Hallie Nell Sligar Becomes Bride of Hal Harrison A. O. M. 2-c at Church

Miss Hallie Nell Sligar, daughter of Mrs. Mary Sligar, became the bride of Hal Harrison, A. O. M. 2/c, son of Mrs. C. N. Harrison, Sunday afternoon at 5 o'clock at the Presbyterian Church. Rev. Robert W. Jones read the impressive double ring ceremony at the altar which was banked with fern, baskets of gladioli, marked with tall candelabra and flanked by the U. S. flag and the Christian flag.

The bride was given in marriage by her mother. Her white wool suit was street length. Her shoulder length veil of illusion was caught to a pink half-hat with rosettes of illusion centered with tiny pink flowers. She carried a colonial bouquet of pink rosebuds, white carnations and stephanotis.

Mrs. Carl Bean of Pampa, sister of the bride, was the bride's only attendant. She wore a light blue wool suit with black patent accessories and her corsage was white carnations. Ensign Jake Harrison, brother of the bridegroom, was best man.

Preceding the ceremony Mrs. Lee Foster at the organ accompanied Miss Maude Cuenod, who sang "When the Soft Winds Blow" and "I Love Thee." Mrs. Foster played "The Bridal Chorus" from Lohengrin for the entrance of the wedding party, "To a Wild Rose" by MacDowell during the ceremony and "The Wedding March" by Mendelssohn as the recessional.

Mrs. Oscar Eckhart of Yorktown, Texas, sister of the bridegroom, presided at the guest book at the church.

Mrs. Harrison is a graduate of W. T. High School and attended W. T. for a business training. She is employed in the personnel department of the Amarillo Technical Air Base.

A. O. M. Harrison, who has been for months on air-craft carrier duty in the Pacific, is at home on 30-day leave, following which he will be assigned six months shore duty at the Santa Rosa, Calif. Naval Air Base. He is a graduate of Canyon High School.

The couple will be at home with Mrs. C. N. Harrison for the remainder of this month.

Following the ceremony a reception was held at the home of Mrs. C. N. Harrison for relatives and out-of-town guests.

The bride and groom cut the traditional wedding cake which was served by Mrs. Claude Harrison of Amarillo, sister-in-law to the bridegroom. Punch was poured by Mrs. Jake Harrison, another sister-in-law.

Out of town guests registering at the reception were: Miss Jane Wilkins, Zeb Mitchell, Mrs. Weldon Bright, Mrs. C. O. Keiser, Mrs. Phyllis Stanfield, Mr. and Mrs. D. A. Park, Mrs. W. F. Davis, Jr., Mrs. Dorothy Goodwin, Mrs. Austin Wiggins, Mrs. J. R. Damron, Mrs. B. D. Sisson, Mrs. J. W. Sisemore and son Jack, and Mr. and Mrs. Claude Newton Harrison all of Amarillo; Mr. and Mrs. Ray Sheffy and Olie Ann of Dimmitt, Mrs. F. E. Park of Salida, Colo., Mrs. T. N. Sligar, grandmother of the bride from Pampa, Mr. and Mrs. Carl Bean of Pampa, Ensign and Mrs. Jake Harrison enroute to Princeton, and Mrs. Oscar Eckhart from Yorktown.

At an informal party Thursday evening at 8 o'clock at Randall Hall, Mrs. Mary Sligar announced the approaching marriage of her daughter, Hallie Nell, to Hal Harrison, son of Mrs. C. N. Harrison.

The announcement was made on slips of paper rolled up in tiny American flags which were placed upon the plates on which a desert course was served to Mr. Ed Baggett, Jr., Mrs. Gladys Purcell, and Mrs. Austin Wiggins, Jr., and Elizabeth Dunn, all of Amarillo; Maribel Hazard, Lora Johnson, Beth McCaslin, Jean Taylor Kirkpatrick, Mrs. Edward C. Brewster, Eloise Pugh, Dorothy Jane Tout, and Sybil Oliver of Canyon.

T. E. L. CLASS HOSTESS TO KING'S DAUGHTERS CLASS

The T. E. L. Class of the Baptist Church was hostess to the King's Daughters Class at the church on Monday afternoon.

The program, in keeping with Mother's Day, was as follows: Songs: "Amazing Grace" and "My Faith Looks Up to Thee"; welcome to guests by Mrs. T. W. Henderson; Prayer by Mrs. R. T. Bowman; devotional by Mrs. C. H. Stratton; prayer by Mrs. Emma Dodson; duet "My Mother's Bible" by Mrs. W. H. Harden and Mrs. Henry Cone.

A radio quiz number was conducted with Mrs. S. L. Terry as announcer. Each member of King's Daughters Class was interviewed with such questions as: Where were you born? What was your maiden name? How long have you been a member of the King's Daughters Class? After recognition each lady was given a pansy.

Mothers having sons or daughters in the service were recognized.

The song "God Bless Our Soldier Boys," and a poem, "A Mother's Prayer for her Soldier Son," by Mrs. J. C. Dowd concluded the program. The oldest mother present, Mrs. W. E. Laughery, was given a beautiful white lily, and a poem read by Mrs. G. C. Cole was dedicated to her.

The song "Sweet Hour of Prayer" and a prayer by Mrs. J. D. Key closed the program.

Delicious ice-cream and cake were served to the following: Mrs. Bowman, Mrs. W. E. Laughery, Mrs. Emma Dodson, Mrs. Cynthia Anderson, Mrs. W. P. Barnard, Mrs. Mary Burtz, Mrs. A. B. Russell, Mrs. J. D. Key, Mrs. W. A. Black, Mrs. T. T. Fain, Mrs. R. A. Henson, Mrs. E. I. Wester, Mrs. E. B. Anthony, Mrs. G. W. Johnson, Mrs. J. T. Burnett, Mrs. W. J. Hinkle, Mrs. Ruth Costley, Mrs. I. M. Lyons, Mrs. Cole, Mrs. Cone, Mrs. Henderson, Mrs. Terry, Mrs. Dowd, T. E. L. members and Mrs. Harden and Mrs. W. T. Davis associate members.

MRS. LEE FOSTER HONORS BRIDE-ELECT JEAN PIERCE

Sunday afternoon in rooms that were attractively decorated in bridal wreath, bluebonnets and tulips, Mrs. Lee Foster entertained with a coffee to honor Miss Jean Pierce, who will become the bride of Sgt. Paul Sammons, Saturday, May 13.

Little Miss Sally Foster presented the honoree with a corsage.

The table was covered with a sky-blue silk damask cloth. The centerpiece for the table was bridal wreath and bluebonnets interlaced with small silk flags. Mrs. W. W. Pierce, mother of the bride-elect, poured coffee and guests served themselves with salad, hot rolls, bread and butter pickles, and butter scotch pudding.

Those who attended the coffee were Mrs. Charles Miller, Miss Maude Cuenod, Dr. Mattie Swayne, Miss Jean Moore, Miss Novella Goodman, Miss Margaret Barrett, Mrs. W. C. Black, Mrs. W. W. Pierce, and the honoree.

MILITARY WEDDING UNITES SGT. MALONE AND SGT. SMITH

Sgt. Jacqueline Tabor Malone, daughter of Mr. and Mrs. Guy B. Tabor, Canyon, was married to Sgt. Jimmie Scott in a full military wedding in South Post Chapel, Washington, D. C. Monday, May 1. The double ring ceremony was read by the chaplain at the post. All members of the wedding party were in uniform. The bride and her attendant carried old fashioned bouquets of spring flowers.

The sergeants are spending a ten-day furlough honeymoon in New York City. Sgt. Jacqueline Scott will return to her assignment in Washington and Sgt. Jimmie Scott will return to his replacement medical detachment for further orders.

Pvt. W. W. Sanford from Ft. Bliss, El Paso, spent the week end with his wife, Lee Christine, and daughter, Janie Sue, in the home of his mother-in-law, Mrs. L. M. Cousins.

SMITH LEAVING COUSINS HONORED WITH TEA-SHOWER

In 1924 a mother of five children, one an infant, entered W. T. S. T. C. Her husband had recently died in Mexico and it became necessary that she return to her former profession—that of teaching. Thus began Mrs. Agnes Smith's connection with W. T. which has lasted twenty years.

She became matron of Randall Hall in 1926 and served for seven years when she was transferred to Cousins Hall where she has been matron for eleven years.

On account of her mother's condition Mrs. Smith has resigned, effective at the close of the summer school.

Tuesday, May 9, a shower tea was given at Cousins Hall honoring Mrs. Smith. A color scheme of yellow and white was carried out in the decorations and refreshments. The girls in the Hall assisted the hostesses in entertaining. Miss Nell Green introduced those on the program which consisted of piano music, a group of appropriate songs by Miss Edna Mae Maudlin and a few remarks by Miss Georgia Nell Browning who is house president of Cousins. Misses Sharline Burch and Marion Littlefield wheeled a yellow and white decorated teacart heaped with gifts into place in front of the honoree.

Tea, cakes, sandwiches, olives, nuts, and yellow pansies were served to approximately a hundred guests among whom were the girls of Cousins Hall, a few older friends, the honoree and the hostesses—the latter being Mrs. Ann Wofford, Mrs. Geraldine Green, Miss Florence McMurtry, Miss Tennessee Malone and Mrs. J. A. Hill.

W. T. HIGH HOMEMAKING HAVE EXHIBIT DINNER

On Monday, May 8th, the Homemaking IIb class of the W. T. High School presented a review of dress they have constructed before a few guests in the dining room of the W. T. S. C. Home Economics Department. Guests included Mrs. Boyd Moore, Mrs. L. C. Ponder, Mrs. Campbell, Mrs. Moore, Mrs. P. L. Pitt, Mrs. Floyd Tomlinson, Mrs. Ray Campbell, Mrs. Robertson, Miss Elizabeth Cox, and several college students.

The dresses were modeled with a background of music "A Pretty Girl Is Like a Melody" while Miss Joyce Jones, the student teacher for the project, pointed out features of interest in the garments as each girl entered the room.

Students who modeled were Dot-tie Boling, Gerry Brady, Frances Hand, Wilma Jean Miller, Laura Brazil, Nina Mae Higgins, Mary Jo Tomlinson, Martha Thomas, Laura Bea Pitt, Barbara Wilson, Doris Smith, Oma Lee McGaughey, Neta Jo Moore, and Louise Lowe.

At the conclusion of the foods unit, the Homemaking Ia class of the W. T. Demonstration School entertained with a three-course dinner at the Home Management House. Bowls of bluebonnets and white tapers in crystal holders served as decorations. Fruit cocktail, salmon loaf, Belgian potatoes, carrot timbales, hot rolls, peach whip and Brazilian chocolate were prepared and served by class members to Misses Thelma Bauer, Doris Campbell, Yvonne Cheyney, Ann Crawford, Nila Davis, Gertrude Fischbacher, Ann Hollenstein, Mabel Spicer, Barbara White, Phyllis White, Peggy Jean Gabell, Doris Neil Gates, Roxana Ruth Ford, and Mrs. LaVerne Bruce.

COX AND JENNINGS HONORED WITH PICNIC LUNCH SUNDAY

Sunday, 14 carsful of people from the Church of Christ motored to the Canyon home of G. W. Cox after church services to celebrate the birthdays of Mr. Cox and Mrs. Hershel Jennings. Picnic lunch was brought by each family and spread on tables under the trees near the creek.

Pfc. Winston Burgess left Sunday for Nashville, Tenn., where he will be a radio operator on the ferry command. One Sunday while Pfc. Check Benefits With Office on Soical Security

Inaccurate advice from well-meaning but inadequately informed friends may be costing some retired workers money in the form of old-age and survivors insurance benefits, says Dewey Reed, Manager of the Amarillo office of the Social Security Board. The same kind of advice also may be keeping benefit checks from widows, children and parents of workers who die.

Each worker who is 65 or over and has been working in covered employment should get in touch with the nearest office of the Social Security Board as soon as he quits his job. If he is qualified for benefits, the Board will assist him in filing a claim.

Similarly when a worker dies, the widow or other close relatives should immediately contact the Social Security Board office where complete assistance will be given in filing a claim for survivors' benefits. Contacts may be made by personal visit, by letter or by telephone.

Several retired workers who have delayed filing their claims have informed the Board that friends had told them that they were not eligible. "The best thing to do is to come to our office and secure correct information."

"Many workers of retirement age tell us that they did not realize that they may continue to earn credits toward benefits after reaching age 65, or that they may work in covered employment, even after benefits start, without sacrificing their retirement insurance rights," Mr. Reed said.

"The true facts are that a worker may qualify for retirement benefits at any age above 65. He merely gives up his benefit for those months in which he earns as much as \$15 in covered employment."

Their daughters, Misses Billie Bee Flesher of Carlsbad and Natalie Flesher of Trinidad, Colo., were home for the week end.

Word Received From Prisoner Springer

Mrs. S. S. Howell has received the following message from the International Red Cross concerning her brother, Cpl. Boyce Springer: "The following short wave broadcast from Japan has been intercepted. Quote, I am in good health and haven't had a sick day since I saw you the last time. So far so good. I did not know that you were a gardener. I have a personal box here but have not received it yet. I do not know who sent it to me as yet. Write my dad and also to Pat. I sure miss my fishing. With love. Signed, Corporal Boyce Springer."

The package mentioned in the message is probably a package sent by the family in August. The garden mentioned was spoken of in a letter that was sent to the corporal last year.

Sunday Mr. and Mrs. W. M. Thompson had as their dinner guests Mrs. Thompson's relatives from Plainview, Mr. and Mrs. J. S. Haydon and Crystelle, Mr. and Mrs. H. O. Williams and family and Pvt. No doubt your mother is like most mothers—the one of the family who carries the responsibilities of the food budget for the family. This being the case, why don't the members of the family sorter gang up and give mother a real treat for Mother's Day?

Here is what we mean—come down to Bellah's and buy some of those extra foods which mother likes, but which she denies herself of in order to stretch the family budget. There are many, many fine food items which mother would like to have, but she is afraid that the family budget will not buy them. Bellah's is prepared to fill these needs for you, so come down this week and let us help you with your Mother's Day food gift to your mother.

WAR BONDS WILL BUY THEM!

HOW MANY OF THESE WILL YOU NEED? Maybe you can't get new equipment now. The firms that supplied it are doing just what you are—working hard for the war effort. But you're looking forward—and planning ahead—to the day when new catalogs full of up-to-date, improved machinery and materials will make grand reading again.

YOUR PLACE IN THE POSTWAR PICTURE. Owners on farms all over the country are keeping careful check on the places where money will have to be laid out after the war. Barns and buildings that need repairs and paint. Fences to be rebuilt. Improvements for the house. New stock. New tractors. Against these future needs they are putting money away in War Bonds—the safest, easiest way to save. How about you? Are you doing your postwar planning?

YOUR BOY'S PLACE. Don't forget that to those boys of ours in the Services, home's the thing they're fighting for. They yearn to get back to it—and it's

up to us to see that it's an even better place than before. War Bonds will hasten the day of Victory; and at maturity the money will come back... for the farm. Make the future a good one... with War Bonds!

YOU NEVER GET LESS THAN YOU LEND! And you can get 1/2 more than you invest. When held 10 years, Series E War Bonds yield 2.9% interest compounded semi-annually. You get back \$4 for every \$3.

Of course, no one should cash a Bond unless he has to; but if an emergency comes along, Uncle Sam will redeem them in cash—at full purchase price—any time after you've held them 60 days. BUY WAR BONDS!

FACTS ABOUT WAR BONDS (Series E)

You LEND Uncle Sam:	Upon Maturity you get back:
\$18.75	\$25.00
\$37.50	\$50.00
\$75.00	\$100.00
\$375.00	\$500.00
\$750.00	\$1000.00

You can buy War Bonds from your bank, postmaster, rural mail carrier or Production Credit Association

For America's future, for your future, for your children's future—keep on buying WAR BONDS

Bishop E. C. Seaman Speaker Tuesday at Rotary Luncheon

Bishop E. C. Seaman of Amarillo was the speaker at the Canyon Rotary Club luncheon Tuesday. He was introduced by Hosea Foster, who was in charge of the program.

Bishop Seaman spoke on "Rotary Today." Courage through fellowship is the fundamental theme of Rotary. Fellowship indicates "fellows in the same ship." He illustrated the fine fellowship which existed in a mine-sweeper between his son, who is an officer, and the crew of 34 officers and men.

The speaker drew lessons from great Americans who had performed their patriotic services to the nation under greatest stress. These Americans were: George Washington, Abraham Lincoln, Robert E. Lee, Franklin D. Roosevelt, George Washington Carver, the negro scientist.

Florence Nightingale is immortal because of her interest in and work for the sick and wounded on the battlefields.

Paul Harris, founder of Rotary, sets a fine example of courage thru fellowship.

When "D" Day comes Americans cannot speak courage to the men on the invasion front, but they can talk to them through God.

Bishop Seaman urged Rotarians to use their opportunity to say the right thing at the right time in helping men and women make this a better world in which to live.

Visitors were: Tom Smyer, C. R. Burrow, of Canyon; Jim Reger, N. S. Griggs, Oran Thomas, Arthur Osgood, Irving Tolzeln, all of Amarillo.

Annual Reception For High School Girls Tuesday

Each spring the American Association of University Women expresses its interest in coming college women of Canyon by entertaining the girls of the senior classes of the Canyon and West Texas State College high schools. On this occasion girls meet college teachers, and learn something of what college experience may mean to them.

This year the reception was held at the Kerr House, 2703 Fourth Avenue, at 8:30 on Tuesday evening, May 9th. It was formal. The outgoing president of the A. A. U. W. is Miss Margaret Barrett, and Miss Jean Moore is president-elect. All girls of the senior classes and all members of the A. A. U. W. were invited to enjoy the occasion.

GOLFER'S TRIBUTE TO A TREE

"I think that I shall never see A hazard rougher than a tree— A tree o'er which my ball must fly If on the green it is to lie; A tree which stands that green to guard

And makes the shot extremely hard;

A tree whose leafy arms extend To kill the mashie shot I send; A tree that stands in silence there While angry golfers rave and swear. Niblicks were made for fools like me, Who cannot even miss a tree."

A Chinese was worried by a vicious-looking dog, which barked at him in an angry manner.

"Don't be afraid of him," said the owner reassuringly. "You know the old proverb, 'A barking dog never bites.'"

"Yes," said the Chinese. "You know ploverb and me know ploverb but does dog know ploverb?"

"How did you lose your job at the dress shop, my dear?"

"Just because of something I said. After I had tried 20 dresses on a woman, she said, 'I think I'd look nicer in something flowing,' so I asked her why she didn't jump in the river."

John Randolph, the famous Virginia Statesman, was a direct descendant of Pocahontas.

Seniors Make Application Now

Eleven Scholarships Are Available For Graduates This Year

The West Texas State College Committee for the Administration of Scholarships announces that eleven scholarships are available for high school graduates of this school year. Graduating seniors who are interested in receiving one of these grants should make written application to Mr. Boone McClure, Chairman of the Committee, Canyon, Texas.

The committee, composed of Dr. Mattie Swayne, Dr. Lee L. Johnson, Dr. S. H. Condron, Miss Ruth Lewis, and Mr. Boone McClure, will make the awards in time for the scholarship to be presented at the high school graduation exercises of the respective high schools. All of these scholarships are for one year's tuition, the money being made available in the office of the Business Manager of the College as the tuition becomes due.

The Committee has formulated the following policies for administering the grants: (1) That the awards will be made on a basis of scholarship, citizenship, and achievement. (2) Provisions and regulations placed by the donors upon the awarding of the scholarships will be strictly observed. (3) Students accepting the awards and then withdrawing from school will not be given a refund in tuition, that money being returned to the scholarship fund for future use. (4) Students receiving the awards must maintain satisfactory scholastic standing in order to participate in the grant throughout the year.

Any high school senior desiring one of these scholarships should have the recommendation of his superintendent and of at least one other person not associated with the school. The application may be made in person at the college; however, written application is sufficient. All of these awards must be used during the 1944-1945 school term, and only graduates of 1944 are eligible to receive them.

To the Superintendent: If you have some deserving student who is interested in one of these grants, please have him contact the Scholarship Committee immediately. It is the wish of the Committee that an award to the student be made at the graduation exercise if this is in keeping with the procedure of that occasion. Students who are outstanding in band, dramatics, or any other extra-curricular activity, or who have attained unusually high scholastic rating will be given most favorable consideration.

The Francis Patterson Hill Scholarship

This scholarship in the amount of fifty dollars was presented to West Texas State College by Dr. J. A. Hill, President of West Texas State. The scholarship is named in honor of Dr. Hill's father and is an expression of honor and devotion to him for the encouragement and inspiration accorded throughout his life. Dr. Hill has specified that the award be made to a student of good

moral and scholastic standing, of outstanding ability as a student leader, to a student planning to remain in college at least two years, and finally that the student's participation be dependent upon his remaining in high standing in moral, civic, and scholastic standing as a member of the campus student body.

The Rachel Witt Hill Scholarship

Dr. J. A. Hill presented this scholarship to West Texas State College in memory of his mother. This is in appreciation of his mother and of her influence and guidance in his life. The same qualifications placed on the Francis Patterson Hill Scholarship also apply to this award. It is significant that these two awards are not designated as Freshman Awards, Junior College Graduates thereby being eligible to compete for these awards. Each award covers the tuition for one year.

The Ola Davis Hill Scholarship

The Ola Davis Hill Scholarship is given by President Hill. Mrs. Hill has been very prominent in the progress of the institution and in the educational and cultural activities of the region and state. The same qualifications that apply to the Francis Patterson Hill Scholarship apply to The Ola Davis Hill Scholarship, namely, that the student must possess high moral, scholastic, and civic standing in his high school and home community, he or she must plan to attend West Texas State for two years, and high civic, moral, and scholastic standing must be maintained so long as the student participates in the award.

The Florence McMurtry Scholarship

This scholarship, in the amount of fifty dollars, was established by Miss Florence McMurtry of the Department of Education in West Texas State College. Miss McMurtry specified that the award be given to any student possessing high scholarship and moral standing. Although it is not required, a student possessing outstanding ability in dramatics or in music may be given preference in receiving this award.

At least eight other scholarships are to be announced during the next week, but the provisions concerning each of them is unavailable at present.

I'm bugs on cars.

I'd hardly think I'm a real American if I didn't always hanker after the latest thing in automobiles. Most everyone feels the same—wanting a new car. So even with Peace, is some new car with my number on it coming right off the assembly line? Who knows? I'm well off, though—still riding handsome—because I kept thinking of all the different oils to help a car. And I noticed ad after ad agreeing that your engine always forms acids inside... Risky... Bad danger of corrosion. But a station man showed me a can of Conoco Nth motor oil, and it said that a modern synthetic in Conoco Nth furnishes the working parts with OIL-PLATING—like a special surfacing to resist the acids; not letting them easily eat metal away. So you needn't fret too much for a new car, when a switch to Conoco Nth oil will safely OIL-PLATE your engine right now. Let the future car improvements try beating that!

Dr. Cairns Visited Campus Saturday

A distinguished mathematical scholar of international recognition, Dr. W. D. Cairns, of Oberlin, Ohio, paid West Texas State College a brief visit Saturday afternoon. Dr. Cairns is President of the Mathematical Association of America, and in his official capacity he conferred with Professor C. A. Murray, who has been a member of the Association for the past twenty years.

With Dr. Cairns were his wife and daughter, and before driving on to Amarillo for the night they registered at the Museum and spent some time inspecting the exhibits. In fact, they over-stayed their allotted time due to their special interest in the exhibits which are characteristic of the Panhandle-Plains country.

For the past year Dr. Cairns has been a visiting member of the mathematics staff at the University of New Mexico, teaching advanced mathematics to meteorology students. He is now returning home to devote his time to his personal affairs and official duties.

Mummy must've forgot to OIL IT

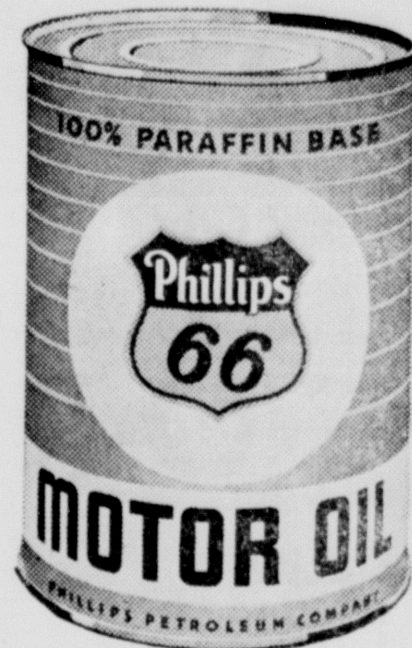

American mechanical genius shows itself at an early age. Youngsters are hardly out of their diapers before they know that today's world moves on a film of oil.

A few years more, and they have learned that the life of any mechanical device depends, in large part, on the quality of the lubricant. But even grown-up car owners are sometimes late in finding out a simple clue to choosing a quality motor oil.

It is contained in this plain, straightforward statement: If you want our best oil, remember we specify that Phillips 66 Motor Oil is our finest quality...the highest grade and greatest value...among all the oils we offer to average motorists.

Regular oil change has never before been so important, now that you must "Care For Your Car For Your Country." Authorities state that, with today's reduced driving, every two months is the safest change period. So get rid of winter-worn, contaminated lubricant... get quality, by asking for Phillips 66 Motor Oil.

Coaches Are Looking For Athletes For Coming Year

Students Asked to Turn In Names of Prospects To Coaches

Coaches Miller and Nicklaus are literally combing the hills and the brush for football players, basketball players, and athletes of all descriptions for the coming year. Last week Coach Miller had secured the names of eighty boys whom he had contacted for one or more sports. Coach Miller stated that he knew he wouldn't get all of them, but he was after every one of them until something happened.

Coach Miller has spent almost every day during the past month in covering the state as far south as Austin in looking for football and basketball men. High school graduates who will not be eighteen before October or November, boys who have been rejected for military service, and boys who have been in the service but have been discharged are the types of boys the coaches are seeking. Coach Miller urges everyone who knows of a football or basketball prospect in any one of these groups to contact him. Coach Miller stated that persons could greatly assist him by calling by the athletic house to report these men.

Recent improvements on Buffalo Courts enable the Coaches to house eighty men, and the Coaches hope to have the courts full when they open up for fall practice on September 5. Coach Miller stated that every boy will be given a chance to show his ability, and every boy showing promise of being college material will be kept on the squad.

The schedule so far includes Oklahoma A. and M., Texas Tech., and New Mexico University (two games). Tulsa University, San Antonio Air Base, and Texas A. and M. have been contacted for games. To those who might question the brand of football our school will have next year, both Tulsa and Texas A. and M. played in Bowl games last year. Preliminary reports indicate that Tulsa will have one of the strongest teams in the entire nation this fall. When you're playing teams that rank in the eight top teams of the nation, you're giving the fans the type of football that is unexcelled anywhere.

The Railroad LAND GRANT

★ To speed the settling of the West, our nation wanted railroads pushed across great unsettled areas to develop rich but distant regions and to bind the country together for military and other reasons.

In the 1850's and 1860's, to encourage railroads to push their tracks into the undeveloped territory, Congress granted the odd sections on each

side of the track to the railroads, with certain "strings" attached, and these grants varied in depth up to several miles.

The even sections retained by the government were for the most part sold to settlers at a substantial increase in price.

The Land Grant policy was very helpful in getting the railroads started in those early days. BUT...

Isn't it out of date today?

In return for their Land Grants, the railroads originally were required, and are still required to do so in respect of military and naval property and personnel, to haul government passengers, freight, and mail at rates far below those applicable to ordinary traffic.

Since the Land Grants were made, railroads have paid out in reduced rates on government traffic many times the amount they have received from these Land Grants.

In the case of the Santa Fe, here are the figures: In more than 80 years which have elapsed since the

Land Grants were made, Santa Fe's net realization from these lands has been about \$23,000,000. In 1943 alone, the government received from Santa Fe, in the form of rate reductions, approximately \$40,000,000.

Many governmental agencies as well as private shipper groups are convinced that the time has arrived for the entire repeal of these burdensome Land Grant requirements.

MICKIE' SAYS—

FOLKS, ALL NEWSPAPERS HAVE TH' SAME RULE—WHEN SENDIN' PIECES TO PUBLISH, PUT YOUR NAME AT TH' BOTTOM, SO WE'LL KNOW WHERE THEY COME FROM PLEASE

Can you remember old Virginia cheroots—three for a nickel? Brother, you are old!

The railroads and bus lines tell us to "travel light" and then when I take their advice, the hotel clerk looks suspiciously at my very small piece of baggage.

Col. Dick McCarty, now inactive because of his advanced years, is one of Texas' most colorful editors. As an example of his picturesque and vigorous style of writing, here is an article written many years ago:

"With this issue, the Albany News completes its 19th volume. Whether hot or cold, wet or dry; whether fortune frowned or prosperity smiled, each week for 19 long years, she has greeted you with a smiling face and a cheerful heart. "People have come and gone, and when the drouth or the grasshoppers devastated this fair land of

ours, the News has stayed at her post, looked pleasant and sung the song of prosperity and plenty.

"When the Albany News was born, Fort Worth was only a hamlet and Western Texas was a dark spot on the map of creation—the buffalo and the antelope roamed at will and the red man was the boss of the situation in this vast domain.

"Through all these years, she has never wavered in her duty nor forsaken her colors; she has lived to see Western Texas converted into happy homes and fine ranches. In her editorials and the good things she has said about people were stretched out in a row, they would reach from Texarkana to El Paso.

"She has recorded your births, wrote long obituaries of commendation for your dead and when your sons and daughters were joined in wedlock, she has told of the beauty of the bride and praised the sterling qualities of the groom. She has taken men from the dark valleys of obscurity and boosted them to the top round of fame and didn't get a red cent for it.

"She has lived to see the fertile valleys of Western Texas (which only a few years ago was a howling wilderness) transformed into beautiful farms and blossom with golden grain. The Indian's wigwam has given way to elegant residences, fine

churches and school houses."

A professor asked a student to make a sentence or verse with the words "analyze" and "anatomy" in it. The following was submitted by a precocious freshman:

My analyze over the ocean, Oh, who will go over the ocean, And bring back my ana-to-my?
